MIB Pre-Notice

Information regarding your insurability will be treated as confidential. Assurity or its reinsurers may, however, make a brief report thereon to the MIB Inc., formerly known as the Medical Information Bureau, a non-profit membership organization of insurance companies, which operates an information exchange on behalf of its members. If you apply to another MIB member company for life or health insurance coverage or a claim for benefits is submitted to such a company, MIB, upon request, will supply such company with the information about you in its file.

Upon receipt of a request from you, MIB will arrange disclosure of any information in your file. Please contact MIB at (866) 692-6901 (*TTY* 866-346-3642). If you question the accuracy of the information in MIB's file, you may contact MIB to seek a correction in accordance with the procedures set forth in the federal Fair Credit Reporting Act. The address of the MIB's information office is 50 Braintree Hill Park, Ste. 400, Braintree, MA 02184-8734.

Assurity, or its reinsurers, may also release information from its file to other insurance companies to whom you may apply for life or health insurance, or to whom a claim for benefits may be submitted. Information for consumers about MIB may be obtained on its Web site at www.mib.com.

Insurance Information Practices

To issue an insurance policy, we need to obtain information about you. Some of that information will come from you, and some will come from other sources. This information may in certain circumstances be disclosed to third parties without your specific authorization as permitted or required by law. You have the right to access and correct this information, except information that relates to a claim or a civil or criminal proceeding.

Upon your written request, Assurity will provide you with a more detailed written notice explaining the types of information that may be collected, the types of sources and investigative techniques that may be used, the types of disclosures that may be made and the circumstances under which they may be made without your authorization, a description of your rights to access and correct information and the role of insurance support organizations with regard to your information.

If you desire additional information on insurance information practices, please direct your requests to Assurity Life Insurance Company, P.O. Box 82533, Lincoln, NE 68501-2533.

Fair Credit Reporting Act

Pursuant to the Federal Fair Credit Reporting Act, as amended (15 U.S.C. 1681d), notice is hereby given that, as a component of our underwriting process relating to your application for life or health insurance, Assurity Life Insurance Company (Assurity) may request an investigative consumer report that may include information about your character, general reputation, personal characteristics and mode of living, except as may be related directly or indirectly to sexual orientation.

This information may be obtained through personal interviews with your neighbors, friends, associates and others with whom you are acquainted or who may have knowledge concerning any such items of information. You have a right to request in writing, within a reasonable period of time after receiving this notice, a complete and accurate disclosure of the nature and scope of the investigation Assurity requests. NOTICE AND CONSENT

NOTICE AND CONSENT FOR HIV-RELATED TESTING

INSURER: Assurity Life Insurance Company • P.O. Box 82533 • 1526 K Street • Lincoln, Nebraska 68501-2533

To evaluate your insurability, the Insurer named above (*the Insurer*) has requested that you provide a sample of your blood, oral fluid extracted from cheek and gum tissue, or urine for testing and analysis to determine the presence of human immunodeficiency virus (*HIV*) antibodies. By signing and dating this form, you agree that this test may be done and that underwriting decisions will be based on the test result. A series of three tests will be performed by a licensed laboratory through a medically accepted procedure.

PRE-TESTING CONSIDERATIONS:

Many public health organizations have recommended that before taking an HIV-related test, a person seek counseling to become informed concerning the implications of such a test. You may wish to consider counseling, at your expense, prior to being tested.

MEANING OF POSITIVE TEST RESULT:

The test is not a test for AIDS. It is a test for the antibodies to the HIV virus, the causative agent for AIDS, and shows whether you have been exposed to the virus. A positive test result does not mean that you have AIDS but that you are at a significantly increased risk of developing problems with your immune system. The test for HIV antibodies is very sensitive. Errors are rare, but they do occur. Your private physician, a public health clinic or an AIDS information organization in your city might provide you with further information on the medical implications of a positive test.

Positive HIV antibody test results will adversely affect your application for insurance. This means that your application may be declined, that an increased premium may be charged, or that other policy changes may be necessary.

CONFIDENTIALITY OF TEST RESULTS:

All test results are required to be treated confidentially. They will be reported by the laboratory to the Insurer. The test results may be disclosed as required by law, or may be disclosed to employees of the insurer who have the responsibility to make underwriting decisions on behalf of the Insurer, or to outside legal counsel who needs such information to effectively represent the Insurer in regard to your application. The results may be disclosed to a reinsurer, if the reinsurer is involved in the underwriting process. The test may be released to an insurance medical information exchange under procedures that are designed to assure confidentiality, including the use of general codes that also cover results of tests for other diseases or conditions not related to AIDS, or for the preparation of statistical reports that do not disclose the identity of any particular person.

NOTIFICATION OF TEST RESULTS:

If your test results are negative, no routine notification will be sent to you. If your test results are reported by the laboratory to the Insurer as being positive, you will receive written notification of such results from a physician you have designated or, in the absence of such designation, from the Texas Department of Health. Because a trained person should deliver that information so that you can understand clearly what the test result means, please list your private physician so that the Insurer can have him or her tell you the test result and explain the meaning.

Address	

In the event the test is positive and you are denied coverage because of that fact and you request the reason for the denial, the Insurer may require you to name a physician at that time in order to receive the information.

If the test indicates a positive result, but you do not designate a private physician, the test results will be provided to you by a representative of the Texas Department of Health.

CONSENT

I have read and I understand this Notice of Consent for HIV-related testing. I voluntarily consent to the collection of a sample of blood, oral fluid extracted from cheek and gum tissue, or urine from me, the testing of that sample, and the disclosure of the test results as described above. I have read the information on this form about what a test result means.

I understand that I have the right to request and receive a copy of this authorization. A photocopy of this form will be as valid as the original.

Accident or Sickness Insurance REPLACEMENT NOTICE

NOTICE TO APPLICANT REGARDING REPLACEMENT OF ACCIDENT AND SICKNESS INSURANCE

According to your application (*information you have furnished*), you intend to lapse or otherwise terminate existing accident and sickness insurance and replace it with a policy to be issued by Assurity Life Insurance Company. For your own information and protection, you should be aware of and seriously consider certain facts which may affect the insurance protection available to you under the new policy.

- 1. Health conditions that you may presently have may not be immediately or fully covered under the new policy. This could result in denial or delay of a claim for benefits under the new policy, whereas a similar claim might have been payable under your present policy.
- 2. You may wish to secure the advice of your present insurer or its agent regarding the proposed replacement of your present policy. This is not only your right, but it is also in your best interest to make sure you understand all the relevant factors involved in replacing your present coverage.
- 3. If, after due consideration, you still wish to terminate your present policy and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical/health history. Failure to include all material medical information on any application may provide a basis for the company to deny any future claims and to refund your premium as though your policy had never been in force. After the application has been completed and before you sign it, reread it carefully to be certain that all information has been properly recorded.
